amcase

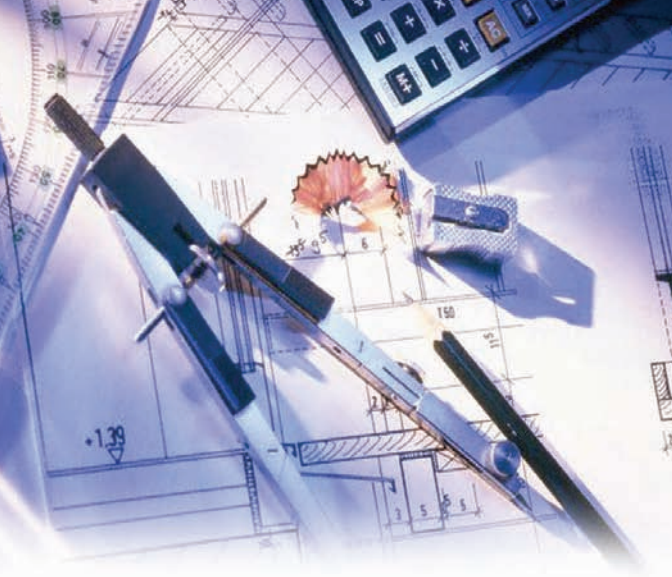

feeding imaginations.

AMCASE offers a huge selection of components and options to design and build the perfect workplace environment for your individual needs. We create contemporary solutions that are both beautiful and functionally efficient.

**MOVEABLE.
RECONFIGURABLE.
REUSABLE.**

AMCASE custom manufactures for specific needs. Most jobs require flexibility and modifications beyond standard designs. Our expert builders are trained to build unique solutions.

we blend expert planning with artistic design.

We build our products in our very own state-of-the-art facility with CNC technology based production. Combined with onsite CAD drawing systems, AMCASE offers extremely fast and effective production schedules. We can easily handle changes, revisions and additions, providing the fastest turn around time in the industry!
