Exam Rooms / Patient Rooms

When designing exam and patient rooms, it is important to consider patient and care giver interaction, privacy, and accessibility. These areas need to utilize all available space efficiently, while making good use of casework finishes, lighting, and textures to provide a

welcoming ambiance for patients. AMCASE® specializes in modular medical casework design and can help you create a work environment that is flexible for your patient care needs. Let our team help you create a beautiful, functional space that solves all of your individual needs.

Variety

We provide modular casework solutions for all types of exam and patient room areas:

- Clinical exam rooms
- Urgent care facilities
- Hospital patient rooms
- Nursing home facilities

AMCASE® has a variety of surface options to meet your specific needs from laminate to solid surface and everything in between. The choice is yours.

Modular

Our products are reconfigurable and can easily be relocated as your business adapts to change.

Mailrooms / Carts

Mailrooms and mobile carts are the work horses of sorting and organizing supplies, and AMCASE® can provide you with the storage and mobility options you need. Our friendly design team is ready to help.

AMCASE® Advantage

Industry Experience

30 years of crafting quality casework.

Cabinet Options

We have over 10,000 cabinet configurations and accommodate a variety of custom orders.

Warranty

Limited lifetime warranty

Modularity

Individual cabinets to entire installations.

Depreciation

The flexibility of our casework system allows for 7 year depreciation vs. 39 years for millwork.

Attractive Pricing

Leveraging an on-site manufacturing facility allows AMCASE® to over-see their process and ensure efficiency, accuracy and keep costs competitive for the end-user.

State Contracts

Mike's Corner

Thank you for this opportunity to be considered for your current and future projects. We take pride in the fact that all of our casework is designed, developed and manufactured right here in the USA.

Our goal is to provide quality product that meets the demands of our ever changing environment. To that end, we focus on providing quality modular casework products that have been carefully engineered to provide years of dependable

service. It is our hope that this brochure will give you a glimpse of our capabilities and our commitment to offering you quality product designed for your specific application. We look forward to the opportunity to serve you in your modular casework needs.

Thank you!

Mike H. Mulford, President

G

reen Commitment

AMCASE® strives to manufacture casework products that are environmentally friendly and superior in construction.

Our board core is CPA ECC 4-11 certified and is certified to CARB ATCM 93120 Phase 2 emission limits. AMCASE® products can contribute to achieving LEED Credits for Materials and Resources due to our use of recycled wood fiber and regional materials. We can also help contribute to Materials and Resources (through rapidly renewable materials and certified wood) and Indoor Environmental Quality (through low emitting materials) if specific product is requested for an upcharge.

Our AMCASE® representatives will gladly work with you on these categories. We have a network of dealers nationwide so contact us to find a dealer in your area.

Great Customer Care

From the first phone call to the final punch list, each job is handled by our AMCASE® team with great attention to detail, service, safety, and ergonomics. Our friendly staff is ready to help you design and implement your ideas. Need additional storage or custom applications? No problem. Give us a call and let us help you with your modular casework needs.
