Office Areas

Office areas have a wide range of job functions that take place within limited spaces. Some facilities require individual offices while others prefer a more open feel. No matter what your situation, our design team will help you create an office environment that caters

to your style and provides optimum productivity. With freestanding partition walls and a variety of casework options, we are ready to help you create a beautiful, functional office area that solves all of your individual and team members' needs.

Variety

We provide work environments for all types of office areas:

- In-hall work stations
- Desks, hutches, tables
- Conference rooms
- Media centers, built-ins
- Freestanding partition walls
- Individual office rooms
- Team work centers
- Call centers

Modular

Our products are reconfigurable and can easily be relocated as your business adapts to growth and change.

Breakrooms

AMCASE® provides a variety of casework and work surfaces to handle all types of breakroom applications. Our design team will gladly customize your casework to your specific needs.

AMCASE® Advantage

Industry Experience

30 years of crafting quality casework.

Cabinet Options

We have over 10,000 cabinet configurations and accommodate a variety of custom orders.

Warranty

Limited lifetime warranty

Modularity

Individual cabinets to entire installations.

Depreciation

The flexibility of our casework system allows for 7 year depreciation vs. 39 years for millwork.

Attractive Pricing

Leveraging an on-site manufacturing facility allows AMCASE® to over-see their process and ensure efficiency, accuracy and keep costs competitive for the end-user.

State Contracts

Mike's Corner

Thank you for this opportunity to be considered for your current and future projects. We take pride in the fact that all of our casework is designed, developed and manufactured right here in the USA.

Our goal is to provide quality product that meets the demands of our ever changing environment. To that end we focus on providing quality modular casework products that have been carefully engineered to provide years of

dependable service. It is our hope that this brochure will give you a glimpse of our ever expanding capabilities and our commitment to offering you quality product designed for your specific application. We look forward to the opportunity to serve you in your modular casework needs.

Thank you!

Michael H. Mulford

Green Commitment

AMCASE® strives to manufacture casework products that are environmentally friendly and superior in construction.

Our board core is CPA ECC 4-11 certified and is certified to CARB ATCM 93120 Phase 2 emission limits. AMCASE® products can contribute to achieving LEED Credits for Materials and Resources due to our use of recycled wood fiber and regional materials. We can also help contribute to Materials and Resources (through rapidly renewable materials and certified wood) and Indoor Environmental Quality (through low emitting materials) if specific product is requested for an upcharge.

Our AMCASE® representatives will gladly work with you on these categories. We have a network of dealers nationwide so contact us to find a dealer in your area.

Lockers

AMCASE® offers an assortment of configurations and lock styles to choose from. Whether you need key, dial, or digital locks, we have something for everyone. When a situation arises that requires standard casework or custom applications, think AMCASE®.

Great Customer Care

From the first phone call to the final punch list, each job is handled by our AMCASE® team with great attention to detail, service, safety, and ergonomics. Our friendly staff is ready to help you design and implement your ideas. Need additional storage or custom applications? No problem. Give us a call and let us help you with your modular casework needs.
