OUR COMMITMENT TO YOU
AMCASE® strives to manufacture casework products which are environmentally friendly and superior in construction.

MANUFACTURING
• Internal Packaging, external cartons and more than 90% of our casework is recyclable.

• All manufacturing is done with CNC (computer numeric controlled) machinery with OSHA approved dust collection.

• Waste materials are captured and used to produce electrical power. Waste scraps are turned over to a waste management company for recycling.
AMCASE® Conditions of Sale Statement

ACKNOWLEDGEMENT SIGN-OFF
Please carefully review the acknowledgement. Initial if correct or indicate changes needed. Upon receipt of initialed acknowledgement, the order will be processed, manufactured and shipped accordingly. AMCASE® is responsible for shipping order exactly as acknowledged and no changes will be made without additional cost to buyer.

CHANGE TO ORDERS
Any orders accepted by AMCASE® can not be changed without the written consent.

CHANGE TO STANDARD CABINETS
AMCASE® does not guarantee any product that has been modified. Please call for more information regarding any modifications.

CANCELLATION
The order hereby acknowledged can not be cancelled except with AMCASE’s consent and upon terms that will indemnify AMCASE® against loss.

EXCUSABLE DELAYS
AMCASE® shall not be liable for delay or failure to perform due to causes beyond AMCASE’s control such as, but not limited to, the unavailability of goods, law or governmental regulation, judgment of a competent court, labor difficulties, accidents, transportation delays, acts of God, war or civil commotion.

FREIGHT CHARGES
Freight is only an estimate. The actual freight cost may be more or less than the quoted amount. If freight is lower we will pass on the lower amount, but we can not be held accountable if the freight costs are higher.

CLAIMS FOR LOSS OR DAMAGE
Please check all items at the time of receipt for visual damage and the possibility of concealed damage. Buyer should not accept damaged shipments. Buyer should note possible hidden damage on the delivery BOL. AMCASE® is not responsible for freight damage, but if we are advised within 24hrs after receipt of the product to the Consignee, AMCASE® will assist the customer in filing a freight claim. After 24hrs it will be the customer’s responsibility to file a claim with the freight company. AMCASE® will manufacture the replacement pieces and charge the customer for the items and freight.

RETURN POLICY
AMCASE® does not accept manufactured case good returns. In some cases, some hardware items may be returned, with the written consent of AMCASE®. Buyer will be responsible for the return shipping costs plus a restocking fee of 15% of the invoice value of the returned merchandise. Merchandise must meet the following conditions: In condition appropriate for resale, in the original packaging and must have been purchased within the last 60 days.

WARRANTY CLAIMS
AMCASE® warrants to Buyer (excluding all others) that the merchandise to be delivered hereunder will be free from defects in material, workmanship and title and will be of the kind and quality described in the contract. AMCASE® warrants to Buyer (excluding all others) to repair or replace any merchandise sold hereunder to correct defects in material or workmanship reported in writing to AMCASE® within seven (7) years from the date of purchase by the original owner. No warranty is made for wear under normal usage, exposure to extreme heat or moisture, alterations, abuse, improper
installation or maintenance. AMCASE’s liability for component parts or materials manufactured by others included in or sold as merchandise shall be limited to the warranty of the component manufacturer.

THE FOREGOING WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER, ORAL OR IMPLIED (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE).

To submit a claim under the terms of this warranty, the purchaser must:

1. Notify AMCASE® in writing of the defect WITHIN 7 DAYS FROM RECEIPT OF MERCHANDISE.
2. Fill out AMCASE® warranty form. Available upon request.
3. Provide AMCASE® with a copy of the original order form and other required documentation.

Any disputes over the provision of this warranty will be mutually reviewed by representatives of AMCASE® and buyer.

INVOICE REMITTANCE
All invoices must be paid in full and within the terms of Buyers account. AMCASE® will not accept remit payments that are short paid for any reason without written approval from AMCASE®. Invoices that are past due will be charged a service charge of 18% APR calculated at 0.005% for each day the invoice is past due.

NON-WAIVER
AMCASE’s waiver of any of these Conditions of Sale in any instance shall be limited to that instance and shall not imply that AMCASE® will waive such Conditions of Sale on any future occasion.

I HAVE READ AND UNDERSTAND THE CONDITIONS OF SALE STATEMENT

(INITIAL)
Product Care

RECOMMENDED CLEANING AGENTS
Almost any cleaning agent may be used to clean AMCASE® products. Examples are window cleaners, detergents and foaming cleansers.

Permanent ink marks may be removed with solvent based products like Mineral spirits, M.E.K. & lacquer thinner.

AVOID THESE PRODUCTS
Abrasive products or scouring pads, steel wool or sand paper are not recommended.

TEST FIRST
It is always advisable to test a small inconspicuous area to make sure that the cleaning agent does not adversely effect or damage the surface being cleaned.
Electronic Merchandising Systems (EMS)

Design Guide

Below is an example of how the system is assembled to form a continuous wall display. Use this as a guide when planning your setup. For more details see referenced numbers under the description.

20 FT. WALL DISPLAY
When designing a wall system, begin with a starter frame. From there, continue with adder frames until the run is complete. Finish by adding end caps and accessories to the wall system. Wall systems are available with no vertical standards as well as double-sided systems.
Wall Displays Overview

Below is a quick overview of some of the options available to you when specifying your wall configuration. For more details see referenced page number beside each item.

**WALL CANOPY TYPES**

**Description:**
TFM (Thermally Fused Melamine) is our standard multidensity core work surface suitable for dry area applications. Its 3 mm PVC edgebanding creates an extremely durable work surface edge that can withstand high impacts and provides many years of reliable service. Choose from a variety of standard solid or woodgrain finishes. PVC edge colors are available in our standard solid and woodgrain finishes. Please see the finishes section for more information.

**Applications:**
breakroom (dry), office, mailroom, exam (dry), procedure (dry), nurse station, pharmacy

**Key Points:**
durable edge, cost effective
Work Surface Options

**Description:**
PL (Plastic Laminate) is our premium multidensity core work surface. This work surface is suitable for dry area applications and is available in two edge treatment options: 3 mm PVC edge for durability, or a sanitary edge for matching custom surface and edge finishes. Choose from a variety of standard solid, woodgrain, or pattern finishes or specify your own finish. Please see the finishes section for more information on color options.

**Applications:**
breakroom (dry), office, mailroom, exam (dry), procedure (dry), nurse station, pharmacy

**Key Points:**
thicker work surface finish, variety of colors, sanitary edge option
