\*Not shown. See gallery for images.

### PROJECT INFO:

**Client:** Medical Facility

**Location:** NY

## Lockers Anyone?

As you can see, AMCASE® is rather adept at making lockers for a variety of applications. Whether it is traditional style lockers that utilize unique “gull-wing” upper compartment doors, or police lockers with sloped tops and a split compartment design for storing all your essential gear – we have a little something for everyone.

Every solution is different; that’s why there’s AMCASE®.
