

RELIABLE, FLEXIBLE – AMCASE®

PROJECT INFO:

Client: Financial Industry

Location: Georgia

New construction projects pose unique challenges that often require meeting tight deadlines and coordination among multiple trades. This client needed a reliable modular casework company that was flexible with architects and capable of meeting their quick installation time table. They found these qualities in AMCASE®, and the client's take-away experience confirmed the reliable, easy-to-do-business with company we are known for.
